

Clearwater's Education Intern

WHAT IS AN EDUCATION INTERN?

The Education Intern is a full time crewmember with a wide range of duties from sailing to maintenance, but with a focus on Clearwater's prestigious education program. The Education Intern is expected to help the Onboard Education Coordinators set up and teach Clearwater's curriculum, including ecology, water chemistry, physics, history and navigation. The Intern will also be asked to perform sailing duties, including assisting with docking and undocking the boat, raising sail, and tending the sails.

WHO CAN PARTICIPATE?

Applicants should be 18 or older, pursuing a degree in or have a passion for the environment, sailing, teaching and the outdoors. Education Interns must be self-motivated, adaptable, have a positive attitude, be comfortable living closely with people whose background may be different from their own, and be able to live in a setting with very little privacy or comforts. Applicants are encouraged to visit the boat (if possible) and sail as our guest, before committing to a position. A visit to the boat can be arranged by contacting the Clearwater Education Coordinators at the office: (845) 265 8080.

HEY, WHAT'S IN IT FOR ME?

Education Interns can expect to gain: teaching experience, knowledge of sailing, a greater familiarity with the issues and ecology of the Hudson River, some serious calluses, fantastic tales of adventure to share with friends, a small weekly stipend, room and board, and a lasting relationship with one of the most prestigious environmental education organizations in the Hudson Valley.
