Critical Public Health & Safety Impacts of Decommissioning Indian Point

Holtec International, the owner of the Indian Point nuclear facility conducting decommissioning operations, is seeking to discharge one million gallons of **radioactive wastewater** into the Hudson River from which seven municipalities source their drinking water and others rely on as a backup source.

Thursday afternoon, January 26th at 4 pm

This is a **ZOOM Webinar** • Attendance is free • Registration required
Closed captioning available

Speakers

Dr. Helen Caldicott, Acclaimed author, Nobel laureate and co-founder of Physicians for Social Responsibility, discussing nuclear facilities' impacts on human health

Eric Epstein, Three Mile Island Alert Air Monitoring discussing independent, state-of-the-art, radiation air monitoring around nuclear facilities

Diane Turco, Director of Cape Downwinders, Cape Cod, MA discussing the release of radioactive wastewater and impacts on her community

Moderator: **Alfred Meyer**, Physicians for Social Responsibility – NY

Introduction by New York State Senator **Peter Harckham**, Chair of the Senate Environmental Conservation Committee
