This Week on the Sloop  

February 18-25, 2016

The shipment of lumber we received last week has quickly been utilized, as framing continues on both sides. The shipwrights and Clearwater crew milled the lumber to prepare for installation. The port bedlog was fastened in place with the bolts that arrived last week, enabling the port side to focus on framing.
Shipwrights cut out frames on the Shipsaw
Newly installed futtocks fit into the mortises of the bedlog.
Looking forward from the Main Cabin you can see where the centerboard will eventually fit.
Follow the restoration live on Instagram!

What's Next?

We will continue framing and begin working on the centerboard trunk.

Visiting the Sloop
Pictures can't do this work justice. Come see it for yourself at the open boat and potluck this Saturday, March 19th from 4:00-8:00 PM.

**VOLUNTEER:**
Join the crew and shipwrights on February 28th from 9:30-3:30 for a public maintenance day! Bring your lunch and we'll provide coffee, water and a light snack. Contact Volcoord@clearwater.org to volunteer.
Thank you to our generous donors and volunteers who have helped keep the sloop afloat!

Your generous donations have raised $106,425.17 for the project so far, but we need you to keep filling in the planks and help us meet our $250,000 goal.

We can't thank you enough for all that you do, will do, and have done to keep the Clearwater sailing.

Contribute to Clearwater's restoration by becoming a member, volunteering, or helping us fund the project!
